United States District Judge

**Re:    *United States v. Faheem Walter, S6 18 Cr. 834 (PAE)***

Dear Judge Engelmayer:

The Government writes in response to defendant Faheem Walter’s (the “defendant” or “Walter”) fourth motion for compassionate release, which was docketed on August 11, 2011. (ECF No. 609.) For the reasons set forth below, the Government opposes the defendant’s request. Nothing regarding the defendant’s medical condition, his medical care, or the Section 3553(a) factors has changed since the Court denied (1) the defendant’s initial request on April 16, 2020 (ECF No. 469); (2) the defendant’s second request on June 2, 2020 (ECF No. 487); or (3) the defendant’s third request on July 31, 2020 (ECF No. 521).

**I. Background**

On August 11, 2021, the defendant’s *pro se* motion for compassionate release was docketed, with the defendant arguing that he is worthy of early release due to the fact that he has a medical condition (presumably the same medical condition which formed the basis of his prior applications), and because he has served more than 50% of his sentence. (ECF No. 609 at 4–5.) The Court ordered the Government’s response by April 22, 2022. (ECF No. 632.)

Upon receipt of the Court’s order, the Government requested the defendant’s updated medical records and disciplinary records. As the Court is aware, the defendant suffered a gunshot wound to his abdomen prior to his arrest in this case. As a result of the defendant’s wound, the defendant has had a colostomy bag since October 2018. Based on the medical records, it appears that the BOP has been treating the defendant’s medical condition and has recommended that the defendant undergo testing to determine whether the defendant is eligible to have the colostomy reversed.

With respect to COVID-19, the defendant received the second dose of the Pfizer vaccine on or about September 9, 2021.

Since the defendant's last request for early release on July 26, 2020, the defendant has had several, substantiated disciplinary infractions, including:

1. On July 29, 2020, the defendant was found guilty of possessing a hazardous tool.
2. On September 1, 2021, the defendant was found guilty of fighting with another inmate and possessing a weapon while fighting with that inmate.
3. On November 30, 2021, the defendant was found guilty of failing to stand for the count and refusing to obey an order.
4. On January 6, 2022, the defendant was found guilty of interfering with taking the count.

A copy of the defendant's disciplinary records is attached hereto as Exhibit A.

## II. Discussion

The Government relies on and incorporates the arguments set forth in the Government's prior oppositions to the defendant's motions for early release on April 15, 2020 (ECF No. 468) and June 1, 2020 (ECF No. 486). The Court has denied the defendant's prior applications because the Section 3553(a) factors did not support the defendant's early release. (*See* ECF Nos. 469, 487, and 521.) The Section 3553(a) factors remain the same and do not support the defendant's early release. The defendant committed an incredibly serious offense – being associated with the violent Nine Trey Gangsta Bloods and personally participating in several acts of violence, including the April 3, 2018 armed robbery of gang rivals in midtown Manhattan and the July 16, 2018 shooting in Brooklyn. Moreover, the defendant was involved in a violent assault on October 26, 2018 that resulted in the defendant being shot.

The defendant's behavior while incarcerated further underscores that the Section 3553(a) factors do not support the defendant's early release. Indeed, as recently as last fall, the defendant was found guilty of being armed with a weapon while fighting with another inmate. This type of behavior is particularly concerning because it is emblematic of the defendant's behavior prior to his arrest in this case – the defendant was a violent associate of Nine Trey who was viewed by others in the gang as an enforcer who was charged with protecting Daniel Hernandez, a/k/a "Tekashi 6ix 9ine." The defendant remains a danger to the community and his continued incarceration is clearly appropriate to protect members of the public from the defendant.

### III. Conclusion

Accordingly, for the reasons set forth in the Government's prior oppositions to the defendant's previous motions for compassionate release, and for all of the reasons set forth by the Court during the defendant's sentencing and in the Court's prior denials of the defendant's previous applications, the defendant's motion should be denied.

Respectfully submitted,
